

Dear School Parents, Principals, Coaches and Nurses.

RE: Black Doctors Consortium's Student Health Week

Black Doctors Consortium (**BDC**) @ the Dr. Ala Stanford Center for Health Equity want to serve your students with offering Pennsylvania Interscholastic Athletic Association (**PIAA**) Sports Physical Clinics and other physicals.

We believe when the students of Philadelphia succeed, the City of Philadelphia Wins! Success for students begins with them participating in extracurricular activities where students excel not only inside the classroom, but also outside its setting. Data has shown that student athletes have healthier lifestyles that contribute to their overall wellbeing. Routine exercise creates a balance between physical health and mental health. This is why BDC wants to partner with you to support students by completing their PIAA physicals in preparation for the 2023/2024 school year, specifically for Philadelphia students.

ASHE's Student Health Week begins on **Monday, July 24** through **Friday, July 28, 2023**, and our **Annual Health Fair** is mid-week, **Wednesday, July 26, 2023**.

The schedule is as follows:

- Monday, July 24, 2023
- Tuesday, July 25, 2023
- Wednesday, July 26, 2023 (Health Fair)
- Thursday, July 27, 2023
- Friday, July 28, 2023

Registration is required with the following link and/or QR code:

<https://forms.gle/cRj1JZpRX64w5TBQ9>

Please bring your:

- School ID
- School Name
- Insurance Card
- Name of Sport
- Season of Participation
- Position Played
- Coaches Name
- Coaches Email
- Due Date

Not only can we provide PIAA support, Parents, please know that we are here to provide full service pediatric care to your children. We want to partner with you in ensuring your children receive exceptional health care. We will also provide Vaccination Clinics for our students who may need current as well as catch-up vaccinations.

In closing, we look forward to serving your students, children, and families.

In service,  
Tracy Wood  
Executive Director
